

Sans Pépin, Blanc, Vin de France, Blanc

Vin de France, VSIG, France

A team of winegrowers from the West, passionate about their vines, wanted to bring a kick of freshness (Peps) to their wine. They created a light, fresh and naturally fruit-flavored bubble to bring to all of your adventures!

Sans Pépin, is a gluten-free drink, low in calories (50-60 kcal for 100ml) and ready-to-drink.

Sans Pépin is finely sparkling, for the peps and fun of shared moments but don't worry, it is still suave and nice thanks to its natural punchy aromas: with a taste of « come try again! » ;)
